THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI EDUARDO FALEIRO): (a) to (c) The Fertilizer Promotion and Agricultural Research Division (FP&ARD) of M/s. Hindustan Fertilizer Corporation Ltd. (HFC) is an agency basically involved in farm related research and connected extension work. The activities of FP&ARD are not directly relatable to the commercial

activities of HFC. FP&ARD had previously taken up a number of externally aided projects which had enabled HFC to meet a major part of FP&ARD's cost. After 1993, no such projects are in hand.

Recently, under its "Lab to Land Programme", the Indian Council of Agricultural Research (ICAR) has engaged HFC to establish Krishi Vigyan Kendras. In addition to normal marketing functions of the company, FP&ARD has started training, demonstration and other activities like horticulture, fisheries and poultry under the aegis of the Krishi Vigyan Kendras at Durgapur and Sindri. FP&ARD is also involved in formulating intensive programmes for training farmers in the use of bio-pesticides and eco-friendly systems from 1995-96.

Since no new extension projects with external funding are forthcoming, the Government is exploring other alternatives for the efficient deployment of the manpower of FP&ARD.
